

PROPOSED POWER SHUTDOWN/INTERRUPTION NOTIFICATION

Please be advised:

In continuing the preparation for the construction of the Student Success Center (SSC), it will be necessary to have additional electrical power work performed on the campus high voltage system in the project area. Due to the aging electrical infrastructure on campus, this work will require the following:

- Three (3) buildings to have a complete shutdown (listed below).
- Additional buildings (listed below) will experience service interruptions lasting fewer than 5 minutes in duration.
- The proposed date of **Saturday, February 15, 2020** was selected due to the scope and safety considerations required for this work, as it is preferred to be performed during a time period when power usage is at its lowest and campus business operations are closed.
- It is our goal to limit interruptions related to this electrical project. Facilities Services staff will be onsite to ensure all power returns to normal. Buildings with back-up generators will support fire and life safety systems and E-power circuits only.

Proposed Date: Saturday, February 15, 2020. Total duration of work 7:00 a.m. – 7:00 p.m.

FULL POWER SHUTDOWN

The following three (3) buildings will have a **FULL POWER SHUTDOWN from 7:00 a.m. – 1:00 p.m.** During this time, occupants will not be allowed in the building.

Athletics & Dance Building CHASS Interdisciplinary North and South	Student Business Services Building
---	------------------------------------

POWER INTERRUPTIONS

The following buildings **WILL EXPERIENCE SHORT-TERM INTERRUPTIONS OF POWER between 1:00 p.m. – 3:00 p.m.**

- a. The power interruptions will likely last from a few seconds to a few minutes.
- b. Minus (-) 80 degree and minus (-) 20 degree freezers will not be impacted during short term power interruptions, if they occur.

The following buildings **WILL EXPERIENCE AN ADDITIONAL SHORT-TERM INTERRUPTION OF POWER between 4:00 p.m. – 7:00 p.m.**

- a. The power interruption will likely last from a few seconds to a few minutes.

Arts Building Athletics & Dance Building CHASS Interdisciplinary North and South	Student Business Services Building Theater
--	---

Concerned occupants should take the following precautions prior to February 15, 2020:

- If you have sensitive research equipment or systems you know can be impacted by power interruption and you have not connected them to uninterrupted power devices (UPS) and surge protectors, please plan to disconnect and turn off equipment for the duration of the day to avoid any damage.
- Facilities will provide updates on the status of the shutdown or any unplanned events, if they occur.
- Additional information on how to power down your lab may be found from our partners at EH&S: <https://ehs.ucr.edu/laboratory/utilities>.
