Now: **Retrofit**

Near: **Reconfigure**

Far: **Reinvent**

1: Current

## Design Strategies Height-Adjustable Desks and Benches

Ideas for how to progressively adapt existing worksettings to meet the new health and safety requirements for a post-COVID workplace.

2: Retrofit

**Division:**

- Add three 24" AMQ desk screens per height-adjustable desk.
- Add user-movable Steelcase Flex Screens to shield team space.
- Add moveable Loftwall Screen for boundary and separation between people.

3: Reconfigure

**Density:**

- Increase square footage per person by changing desk orientation.

**Geometry:**

- Rotate desks 90 degrees to eliminate face-to-face orientation.

**Division:**

- Add three 24" AMQ desk screens per height-adjustable desk.
- Add lockers to create a boundary and provide storage for personal belongings and cleaning supplies.
- Add user-moveable Steelcase Flex Screens between people to create on-demand boundaries.
