PROJECT OVERVIEW

PROJECT MISSION AND GOALS

The School of Medicine Mission

“**Improve the health of the people of California** and, especially, **to serve Inland Southern California by training a diverse workforce of physicians** and by **developing innovative research and health care delivery programs** that will improve the health of the medically underserved in the region and **become models to be emulated throughout the state and nation.**”

and Values

Inclusion – Embracing diversity in the broadest sense and appreciating all points of view

Integrity – Exhibiting honesty and the highest ethical standards in all matters

Innovation – Pursuing organizational goals with creativity and novelty

Excellence – Demonstrating extraordinary dedication to the highest quality outcomes

Accountability – Taking responsibility and ownership

Respect – Showing consideration and appreciation for others

PROJECT MISSION AND GOALS

The School of Medicine Education Building II

- Will provide adequate space for the School of Medicine MD Program to grow to a class size of 125, and a total student population of 500
- Will create a “home base” that is welcoming to not only faculty, students, and staff, but also to the community
- Will facilitate interaction, help build synergies and partnerships, and support student success
- Will provide flexibility for the future needs and growth of the School of Medicine by providing appropriate spatial configurations and adaptability
- Will create a central core of School of Medicine facilities by connecting the new ED2 building to the existing ED1 facility and future spaces reconfigured within neighboring Orbach Library
- Will bring people together, cross boundaries and increase the health and well-being of people in Southern California
