16. CLAIMS HISTORY (Points Section)

Each prospective bidder will be evaluated to determine if the bidder and/or persons or entities associated with the bidder have a history of having unmeritorious claims asserted by or on their behalf in litigation or arbitration and/or of having had meritorious design or construction claims asserted against them in litigation or arbitration.

In order to be evaluated, each prospective bidder must complete the Claims History portion of this Prequalification Questionnaire. Based on the information provided, each prospective bidder will be assigned a Claims History score. **The maximum possible score is 15. Must score 10 or more points to pass this Section.**

Two (2) points will be deducted from the total available points for this Section for each qualifying lawsuit or arbitration, commenced within **five (5) calendar years** preceding the deadline for submission of the Prequalification Questionnaire, in which the prospective bidder and/or persons or entities associated with the bidder, had design or construction claims asserted by or on their behalf that were resolved by trial court judgment, arbitration award or settlement calling for receipt of less than 50% of the total amount of claims asserted in the lawsuit or arbitration.

Additionally, **two (2) points** will be deducted from the total available points for this Section for each qualifying lawsuit or arbitration, commenced within **five (5) calendar years** preceding the deadline for submission of the Prequalification Questionnaire, in which the prospective bidder and/or persons or entities associated with the bidder, had design or construction claims asserted against them, that were resolved by trial court judgment, arbitration award or settlement calling for receipt of more than 50% of the total amount of claims asserted in the lawsuit or arbitration.

Any prospective bidder with a **score deduction of 6 or more points** will presumptively be considered not prequalified because the prospective bidder and/or persons or entities associated with the bidder have been a party to three (3) or more lawsuits or arbitrations in which they either asserted, or had asserted on their behalf, unmeritorious design or construction claims or they had meritorious design or construction claims asserted against them.

The presumption may be rebutted if the University determines, after investigating any explanation offered in providing the Claims History, that the prospective bidder and/or persons or entities associated with the bidder have not been a party to three (3) or more lawsuits or arbitrations in which they either asserted, or had asserted on their behalf, unmeritorious design or construction claims or they had meritorious design or construction claims asserted against them.

If the presumption is not rebutted, the prospective bidder will be deemed to have an unacceptable Claims History, and will not be prequalified for the Project that is the subject of this prequalification process.

As used herein:

“Lawsuit” means any lawsuit commenced within five (5) calendar years preceding the deadline for submission of the Prequalification Questionnaire.

“Arbitration” means any binding arbitration commenced within five (5) calendar years preceding the deadline for submission of the Prequalification Questionnaire.

“Claim” means a claim (excluding claims solely for the enforcement of stop notices) arising from design and/or construction work and includes, without limitation, claims for extra compensation and damages (including delay, disruption and acceleration damages, but excluding claims for personal injury or death), and claims for defective design or construction work.

“Pass-Through Claim” has the meaning commonly ascribed to it in the construction industry and also includes (i) any claim that was or is asserted by the prospective bidder, in whole or in part, against an Owner on behalf of a different person or entity; and (ii) any claim that was or is asserted by an Owner against the prospective bidder, and that was subsequently reasserted, in whole or in part, against a different person or entity.
