

# Notice of Community Review Project Review Meetings

Notice is hereby given that Community Project Review Meetings will be held by the University of California, Riverside, on the following project:

**PROJECT:**

PARKING STRUCTURE 1

**PROJECT ARCHITECT:**

To Be Determined

**PROJECT CONTACT:**

Dave Bomba, Project Manager  
UCR Planning, Design & Construction

**DESCRIPTION:**

The UC Riverside proposes to create a new multi-story Parking Structure facility on the east portion of the existing campus Parking Lot 13, located at the north-east edge of campus directly south of Big Springs Road

**KEY FEATURES:**

- Vehicle circulation for two-way ingress / egress site access improvements.
- A combination of building views and natural light to eliminate the need for mechanical heating and cooling in meeting energy conservation goals.
- Enhanced streetscape safety features such as security cameras, exit lighting and site lighting.
- Parking Facility designed to meet the U.S. Green Building Council ParkSmart rating of ‘Silver’.

**OBJECTIVES:**

This Project will construct a design-build parking facility which will accommodate 1200 parking spaces (800 net new). This Parking facility will enhance the community and campus by creating a safe vehicle, pedestrian and bicycle friendly environment by addressing circulation along Big Springs Road and adjacent roadway alignments while effectively integrating safety concerns

**ENVIRONMENTAL ANALYSIS:**

This Project will comply with the California Environment Quality Act (CEQA) and be subject to an Initial Study.
