Project Title: 2005 Long Range Development Plan Amendment #4 and Mobility Hub and Central Campus Linkage Project
Project Location: University of California – Riverside Campus
County: Riverside

Project Description: UC Riverside proposes to create a centralized multi-modal bus transit center and expand and enhance central campus pedestrian linkages, known as the Mobility Hub and Central Campus Linkage Project. The proposed project involves approximately seven acres of public realm improvements that will enhance public transportation access and create safe pedestrian and bicycle circulation along key north-south and east-west corridors. The proposed project includes a minor amendment (Amendment#4) to the Riverside 2005 Long Range Development Plan (LRDP) to modify the land use designation for approximately 2.5 acres of the approximately 7-acre project site from *Open Space* to *Campus Support*.

This is to advise that the University of California Lead Agency has approved the above-described project on January 18, 2019 and has made the following determinations:

1. A Tiered Initial Study was prepared for the *Mobility Hub and Central Campus Linkage Project* which includes the Riverside 2005 LRDP Amendment #4.
2. The Initial Study is tiered from the UCR 2005 LRDP Environmental Impact Report (EIR) (SCH 2005041164), as updated by the UCR 2005 LRDP Amendment 2 EIR (SCH 2010111034) certified by The Regents on November 28, 2011, and found that the *Mobility Hub and Central Campus Linkage Project*, will not have a significant effect on the environment with the incorporation of mitigation measures.
3. Mitigation Measures from the UC Riverside 2005 LRDP EIR were made a condition of approval of the project and a project specific Mitigation Monitoring and Reporting Program (MMRP) has been prepared.
4. Findings were made pursuant to the provisions of the California Environmental Quality Act, in connection with approval of the proposed project.

This is to certify that the Final Tiered Initial Study/Mitigated Negative Declaration with comments and responses and record of project approval is available to the general public at: UCR Capital Programs, Capital Resource Management 1223 University Ave., Suite 200 Riverside, CA 92507, Attn: Jaime Engbrecht (951) 827-2421.
